### **UNREACHED PEOPLE GROUP**

The missionary has been serving the Lord in Barcelos for 1 year and 3 months. At the start of the mission, he faced the challenge of a scarcity of members, requiring active outreach and leading people to Christ. By God's grace, the ministry has borne fruit, and today the congregation has more than 30 members, gathering around 50 to 60 people in worship services. The church is experiencing a season of growth and strengthening.

The greatest current challenge is the renovation of the church building, which is in poor condition. Some materials, such as roofing, have already been purchased, and now the missionary is seeking funds to cover labor and other stages of the renovation.

#### **Prayer Requests:**

- For the life and family of the missionary;
- That the Lord would provide what is necessary to complete the church renovation.
