The missionary also engages in evangelism through the “Jesus is the Way” project, which uses athletics as a tool to share the Word of God, reaching communities with a creative and engaging approach.

His family is composed of himself, his wife, four children, and two other children under his care, who are being raised as part of the family.

Challenges in the field:

- Lack of a personal boat, which forces them to rent transportation whenever they need to travel to evangelize in riverside communities;
- A large missionary demand in communities that have not yet been reached.

Prayer request:

- For the missionary’s family, that the Lord may strengthen them daily in this journey until Christ returns.
