## SOLIMÕES RIVER

The missionary work in this area reaches various age groups, serving children, teenagers, young adults, and adults. The church also maintains activities through the SAF (Women's Society) and UPH (Men's Society) departments. Currently, there are four active family groups, contributing to the church's spiritual and community growth.

The missionary serves the Lord with dedication, even while facing financial limitations. He needs to supplement his income through fishing and timber extraction in order to meet basic needs.

Challenges in the field:

- Financial limitations, requiring multiple activities beyond ministry.

Prayer requests:

- For provision for the missionary's livelihood and that of his family;
- For the spiritual growth of the church and the family groups.
