Pastor Supervisor: Ivan Laray

BLACK RIVER

The missionary conducts visits to families in seven communities, spending weekends in each location accompanied by his wife and two other brothers. The work is ongoing and aims to strengthen the spiritual lives of the families through pastoral presence and teaching of God's Word.

His walk with Christ began at the inauguration of the church building in September 1992. One month after his conversion, he began leading the congregation as a worker, a role he fulfilled until 2021, when Brother Leandro took over leadership of the Formosa Congregation in Terra Preta. Since then, the missionary has been serving the communities under the supervision of Pastor Ivan Laray.

Current Challenges

- The communities are distant from one another, requiring constant travel and adequate infrastructure;
- The need for transportation and better conditions to sustain the ongoing ministry.

Prayer Requests

- For the salvation of souls in these communities;
- That God would continue to use the missionary as His instrument;
- For resources and transportation to support the missionary work.
